The screenshot shows the Git website homepage. The header features the Git logo and the tagline "--everything-is-local". A search bar is located in the top right corner. The left sidebar contains navigation links: "About", "Documentation", "Downloads" (highlighted in red), "GUI Clients", "Logos", and "Community". Below these links, a text box mentions the "Pro Git book" by Scott Chacon and Ben Straub, available for free on Amazon.com. The main content area is titled "Downloads" and lists operating systems: macOS, Windows, and Linux/Unix. A monitor graphic displays the "Latest source Release 2.31.1" with a link to "Release Notes (2021-03-26)" and a button to "Download 2.31.1 for Windows". Below the "Downloads" section, there are two columns: "GUI Clients" and "Logos". The "GUI Clients" column mentions built-in tools like git-gui and gitk, and provides a link to "View GUI Clients". The "Logos" column mentions various Git logos in PNG and EPS formats and provides a link to "View Logos".
